

STAY CURRENT. STAY COVERED.

Maximize your CS 9600 investment

The industry's leading manufacturer of integrated imaging and technology solutions is redefining what oral health practices expect from customer support. Carestream Dental is proud to present CS Advantage, a support and service program designed to help you succeed with your new CS 9600 CBCT.

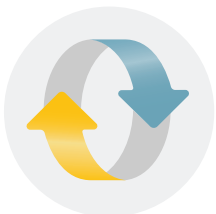

CS Protect

- 5-year warranty (2-year initial warranty and 3-year warranty extension) on ALL parts to ensure your investment is protected. (Applies to the CS 9600 equipment and the CS 9600 Acquisition workstation)

CS Support

- Training—accessible 24/7—from the Carestream Dental Institute for continued learning and advancement
- **NEW! CS UpStream option***: enroll into CS UpStream and provide your consent to stay connected with our service expert teams for improving further your experience with us.

CS Update

- Automatic updates for the latest version of the CS 9600 software suite—including CS 9600 acquisition software and other software related to the CS 9600's options (such as CS MAR, CS AutoSmart package,...)
- Continuous unlimited software advancements during your enrollment period

*CS UpStream: available from 2018 year end

CS UPSTREAM: TAKING SERVICE AND SUPPORT TO A WHOLE NEW LEVEL

Are you looking for premium support? Choose the CS UpStream option within CS Advantage and transform your CS 9600 into a connected device. CS UpStream is an innovative, 24/7 advanced monitoring service for your equipment, which allows our service experts to track in real time the historical behavior of your equipment. This enhanced perspective:

- Leads to faster, more responsive service
- Accelerates trouble shooting
- Enables proactive support
- Saves iterative onsite visits
- Reduces equipment downtime

This breakthrough, innovative service—deployed with CS 9600—enables you to increase productivity, maximize efficiency and maintain your focus on what matters most: your patients. In other words, CS UpStream enables you to experience true peace of mind.
