

CS 9300

Rajiv Pandit, M.D., FACS
Dallas ENT

“As an ENT office that specializes in advanced, innovative sinus procedures, we are very grateful for our partnership with Carestream Dental. Our CT scanner delivers top quality images so we can provide the best patient care. With the visual scan, we can easily show and educate our patients on their conditions and offer the latest in sinus treatments. Carestream Dental has been very helpful during installation, transitions and keeping us updated with any training. Their team is very knowledgeable and responsive, and they understand that patient care comes first.”
